Microsoft

Scan with your smartphone to view our full range of PAT Training services.

## PAT Training Courses

Our PAT course is a **one-day course**, conducted by our qualified PAT training instructor who has 7+ years of experience in the PAT training field.

PAT Training courses can be provided on a one-to-one basis, or as a group booking. We can carry out the training in the comfort of your office or at our own premises.

Most importantly, we provide PAT Training on the **exact make and model of the PAT Tester you use**. Our support service means that we're there to support you, once you've completed the course.

### Here's what you'll learn...

- ✓ The principles and practices of PAT Testing
- ✓ How to create a safe system of work
- ✓ The requirement for accident prevention & control
- ✓ The process and application of PAT Testing
- ✓ IEE code of practice
